

Error Duplicate record found in rrset: example.tld when modifying a zone

Symptoms

The following error is thrown when modifying a DNS zone:

```
Error TTL mismatch in rrset: example.tld
```

Cause

A given record appears twice in the zone. For example:

```
example.tld A 1.2.3.4  
example.tld A 1.2.3.4
```

Resolution

Remove duplicate records.
