Detailed extension information

Registry	• Registry: AKEP • Registry whois: • Registry web based whois: • Registry zonefile updates: Every hour (00:00, 01:00, 02:00, ...)
----------	---

Technical information	• Available second level domains: .com.al, .net.al, .org.al • DNSSEC support: no • Minimum length: 2 characters • Maximum length: 63 characters • Allowed characters: a-z 0-9 - • IDN characters: n/a • Registration period: 1 year • Renewal date offset: 35 days <i>The number of days before the registry's expiration date, that Openprovider requires the domain to be renewed or expired. More info.</i> <i>Note that the dates as shown in your Openprovider account are always leading, even if they do not match the renewal date offset mentioned here.</i> • Soft quarantine period: n/a days <i>During this period, following after an expiration, the domain can be restored for free. This period does not apply if the domain is deleted explicitly. More info.</i> • Quarantine period: 30 days <i>During this period, an expired or deleted domain name can be reactivated at an additional fee.</i>
Restrictions	• Local presence required? no • Does Openprovider provide local presence services? no • Local activity required? no • Correct nameserver configuration required? no • Local domain owner (Owner Handle) required (office/residence). • Local domain administrator (Admin Handle) required. • We do not provide a local presence service. • The .al domains can be registered by any entity, may this be an individual or a company. Even though the registration is free, some additional information are required. • If a domain is being registered for an individual, a citizen identification number is required. This can be a passport number or a national ID. • In case the domain is being registered by a company, then a NIPT (VAT) number is required.
Policies	

Registration agreement

The registry requires that a registration agreement is in place between the provider and the domain holder. The text of this registration agreement and any required supplements is the following:

- [General registration agreement](#)

Due to the regular changes in registry rules and configuration or missing information from registry side, and despite our effort to keep our knowledge base up-to-date, information in the knowledge base may be outdated or incorrect. If you encounter some issue, please report it through the "HotJar" feedback collector on the bottom right, or (if it is blocked by your browser) by clicking the "Submit a request" link below. No rights can be derived from the information in this knowledge base. If there is discrepancy between the knowledge base and the process in Openprovider, the process in Openprovider is leading.
