

.com.sa

This article describes the procedures and requirements of .com.sa domain names.
Click on the subject below to open the dropdown for more information.

Registration

**Registration and transfer of new .com.sa domains are not possible at the moment.
We will update here if there is any change.**

Successful domain registration requires:

- Two or more nameservers or a nameserver group.
- Nameservers must be set up in advance and provide an authoritative response.
- Local domain owner (OwnerC) required (office/residence).
- Local domain administrator (AdminC) required.
- Domain name has to be very close to company name.
- Copy of trademark documents required.

Transfer

**Registration and transfer of new .com.sa domains are not possible at the moment.
We will update here if there is any change.**

Policies	• Registry policies: https://help.nic.sa/ar/RegulationsAndRules/
Registration agreement	<i>The registry requires that a registration agreement is in place between the provider and the domain holder. The text of this registration agreement and any required supplements is the following:</i> • General registration agreement

Due to the regular changes in registry rules and configuration or missing information from registry side, and despite our effort to keep our knowledge base up-to-date, information in the knowledge base may be outdated or incorrect. If you encounter some issue, please report it through the "HotJar" feedback collector on the bottom right, or (if it is blocked by your browser) by clicking the

"Submit a request" link below. No rights can be derived from the information in this knowledge base. If there is discrepancy between the knowledge base and the process in Openprovider, the process in Openprovider is leading.
