

.hoteles

This article describes the procedures and requirements of .hoteles domain names.
Click on the subject below to open the dropdown for more information.

Registration

Successful domain registration via [RCP](#) or [API](#) requires:

- two or more nameservers or a nameserver group
- registrant [e-mail address verification](#) applies

After registration, each domain application will be verified by the registry before being included in the registry zone file.

Transfer

Successful domain transfer via [RCP](#) or [API](#) requires:

- authorisation code
- two or more nameservers or a nameserver group
- registrant [e-mail address verification](#) applies

During the transfer period which can take 6 days, the current provider or the owner can reject to the transfer.

The registration period after a successful transfer will [extend with 1 year](#), unless the transfer is ordered within the domain's auto-renew grace period at the previous registrar.

Problems transferring your domain?

Please take a look at this [extended article](#) for possible solutions.

Authorization code required	yes
Method of confirmation	authcode,email
Registration period after transfer	extends

Average transfer time	Max. 6 days
Advanced and simple transfers available	Contact our Sales department to check if easy transfer of 100 or more .hoteles domains is available.

Update

Owner change (trade)

- requested as a normal domain update via RCP or [API](#)
- processed realtime
- both previous and new registrant will receive an e-mail. This is a notification only, no action is required.
- registrant [e-mail address verification](#) applies

Other update

- requested via RCP or [API](#)
- processed realtime

If as part of the update the domain owner's e-mail address changes, we're obliged to start a [contact verification process](#) if this new e-mail address was not verified before.

Deletion / Restore

Delete

Explicit delete

- Requested via RCP or [API](#)
- processed realtime
- will directly result in quarantine (redemption period) (**no** soft quarantine applies)

Expiration

In case the domain expires (not renewed in time);

- will not be deleted directly at the registry
- will lead to [soft quarantine](#), followed by regular quarantine

Restore / reactivate

- restore / reactivation supported via [RCP](#) or [API](#)
- quarantine periods can be found under
Detailed extension information > Technical information > Quarantine period
- After quarantine, 5 days *PendingDelete* period (restore **not** possible)

Detailed extension information

Registry	• Registry: Travel Reservations SRL • Registry whois: whois.nic.hoteles • Registry web based whois: https://whois.nic.hoteles • Registry zonefile updates: Realtime
Domain lifecycle	[External embedded content: https://www.openprovider.com/domain-lifecycle/domains.php?ext=hoteles]

Technical information

- DNSSEC support: yes
- Minimum length: 3 characters
- Maximum length: 63 characters
- Allowed characters: a-z, 0-9, -
- IDN characters: yes
- Registration period: 1-10 years
- Renewal date offset: 0 days

The number of days before the registry's expiration date, that Openprovider requires the domain to be renewed or expired. [More info.](#)

Note that the dates as shown in your Openprovider account are always leading, even if they do not match the renewal date offset mentioned here.

- Soft quarantine period: 44 days
During this period, following after an expiration, the domain can be restored for free. This period does not apply if the domain is deleted explicitly. [More info.](#)
- Quarantine period: 127 days
During this period, an expired or deleted domain name can be reactivated at an additional fee.

Restrictions	• Local presence required? no • Does Openprovider provide local presence services? n/a • Local activity required? no • Correct nameserver configuration required? no • The registrant must 1) own, be connected to, associated with or affiliated with a hotel or hotel operator operating at least one lodging establishment in a Spanish language-speaking community; 2) possess a bona fide intention to use the domain name in promoting, developing, educating, or engaging in commerce or sharing information related to travel, hotel and lodging, 3) be classified within one or more of the following categories, and 4) select a domain name that corresponds with the name selection requirements, including but not limited to the name of their hotel/company, its parent company, geographic location, product/service, product/service category, or other related criteria. • Each domain application will be verified by the registry before being included in the registry zone file. • Hotels that are member of Reservalia can register their domains at huge discounts; please contact us for more information.
Policies	• Rules for Uniform Domain Name Dispute Resolution Policy: http://www.icann.org/en/help/dndr/udrp/rules
Registration agreement	<i>The registry requires that a registration agreement is in place between the provider and the domain holder. The text of this registration agreement and any required supplements is the following:</i> • General registration agreement

Due to the regular changes in registry rules and configuration or missing information from registry side, and despite our effort to keep our knowledge base up-to-date, information in the knowledge base may be outdated or incorrect. If you encounter some issue, please report it through the "HotJar" feedback collector on the bottom right, or (if it is blocked by your browser) by clicking the "Submit a request" link below. No rights can be derived from the information in this knowledge base. If there is discrepancy between the knowledge base and the process in Openprovider, the process in Openprovider is leading.
