

.quest

This article describes the procedures and requirements of .quest domain names.
Click on the subject below to open the dropdown for more information.

Registration

Successful domain registration via [RCP](#) or [API](#) requires:

- two or more nameservers or a nameserver group

Transfer

Successful domain transfer via [RCP](#) or [API](#) requires:

- authorisation code
- two or more nameservers or a nameserver group

During the transfer period, the current provider or the owner can reject to the transfer.

The registration period after a successful transfer will [extend with 1 year](#), unless the transfer is ordered within the domain's auto-renew grace period at the previous registrar.

Problems transferring your domain?

Please take a look at this [extended article](#) for possible solutions.

Due to the regular changes in registry rules and configuration or missing information from registry side, and despite our effort to keep our knowledge base up-to-date, information in the knowledge base may be outdated or incorrect. If you encounter some issue, please report it through the "Hotjar" feedback collector on the bottom right, or (if it is blocked by your browser) by clicking the "Submit a request" link below. No rights can be derived from the information in this knowledge base. If there is discrepancy between the knowledge base and the process in Openprovider, the process in Openprovider is leading.
