

What is a Membership?

Question

What is a Membership?

Answer

A membership plan is a paid 1-year subscription that gives Openprovider resellers the benefits of:

- Access to the same purchasing price on domains that Openprovider receives directly from the registries.
- Possibility to participate in product promotions, with marketing support from Openprovider.
- Discounts on SSL certificates, Plesk licenses, and SpamExpert spam filters.
- ** Free WPP (Whois Privacy Protection).
- ** Free Domain Forwarding.
- Dedicated transfer specialist.

** Activation and renewals are free as long as you have an active membership.

There are 4 types of plans:

- **Basic, Professional, and Expert** plans:
give access to the cost prices on 165 ccTLDs, legacy TLDs, and all new gTLDs.
Also includes [various levels of discounts](#) on SSL certificates, Plesk licenses, and SpamExpert spam filters.
- **Supreme** plans:
give access to all domain products at the same cost price Openprovider receives from all suppliers.

Curious why Openprovider decided to pass on the cost price to the resellers? Read the explanation [in our blog](#).
