FAQ's :

1. The billing and account management is done directly on the BuildMyLogo website, not through Openprovider. In the BML dashboard you can check your logotypes and download them to your local machine.
2. The package WEB PRO contains 20 logotype sets.
Once you make a purchase of WEB PRO plan you will receive a code to create the remaining 19 sets. To use the code simply create a logo and choose COMPLETE LOGO KIT in the checkout. Once there, use a promo code to lower the price to 0 USD.
3. You have unlimited time to use your logotypes and there is no subscription fee. If you need more than 20 logotypes, you can simply purchase another package.
4. You can create your logos and pay only after you are satisfied with the design.
5. Support is provided directly by the Build My Logo team.
